

Just Drill guides for my case

from the data sheet (<https://www.reichelt.de/traegerprofil-bgt-gb-29l-p50387.html>):

Art. No.: GB 29 L

Verwendungszweck (use): vordere Modulschiene, gelocht (front module rail, perforated)

Width [mm]: 431,8 (84HP)

total width 133mm
133mm * 4 = 532mm

$$532 + 37 (2 * \text{side cheek thickness}) = 569$$
